Dear/sir

The government of Ethiopian Somali regional state has its socio-economic policies and strategies that are in line with the federal government growth and transformation plan.

To achieve this goal, the government started its own humanitarian and developmental efforts by encouraging private partners, local and international non-governmental organizations and civil societies to participate in the ongoing humanitarian and developmental interventions.

RDRMB would like to inform all the concerned stakeholders that **EAST ACTION (EA)** is a non-governmental, non-profit making, non-political and non-religious Civil Society Organization (EA), initiated by multidisciplinary, committed to contribute to pastoral community in the Region.

We are really encouraging their efforts and requesting all other partners of this local organization including **donors, UN agencies, Government and private** stakeholders to give them right hand support for funds/partnership and collaboration.

With Best Regards,

Ahmedyasin Sh.Ibrahim
